

SHANTILAL SHAH ENGINEERING COLLEGE, BHAVNAGAR
ABHYUDAYA - 2023

Model Making: Tower of Strength

Date: 28/04/2023 Time: 2:00 PM to 4:00 PM

Tower of Strength: Rules and regulation

- Students from any engineering stream can register as a team of 3 to 5 students.
- Mobile and other electronic gazettes are not allowed during the event.
- Each team have to prepare a tower from the supplied materials within scheduled time.
- The minimum height for the tower is 30 cm.
- Students have to bring basic modeling accessories (cutter, scissor, scale, adhesive, glue gun, color etc.)
- Each team will be given the same set of materials to use for their tower. These materials cannot be substituted with any other materials.
- Load carrying capacity of the tower is a key evaluation criteria.
- If any of the team members tries to misbehave with other team members then the team may be disqualified.
- Each participant as well as winner will be awarded the relevant certificate.
