INDUSTRIAL VISIT COMPLETION REPORT

Visit Milople Technologies Pvt. Ltd. | 24/09/2026

The Department of Information Technology, Shantilal Shah Engineering College, Bhavnagar successfully organized an industrial visit for the students of 5th Semester Information Technology to Milople Technologies Pvt. Ltd.

1. Details of the Industrial Visit

Particular	Details
Name of Organization	Milople Technologies Pvt. Ltd.
Department	Information Technology
Semester	5th Semester
Date of Visit	24/09/2026
Venue	Milople Technologies Pvt. Ltd.
Purpose	Industrial exposure and practical understanding of IT industry practices
Institute	Shantilal Shah Engineering College, Bhavnagar

2. Objectives of the Visit

1. To provide students with practical exposure to the working environment of the IT industry.
2. To bridge the gap between theoretical knowledge and industrial practices.
3. To understand the software development life cycle and professional development practices.
4. To familiarize students with current technologies and tools used in the IT industry.
5. To understand the roles and responsibilities of different professionals in a software organization.
6. To provide students with an opportunity to interact with industry professionals.
7. To motivate students towards developing industry-relevant technical and professional skills.

3. Activities Conducted During the Visit

- Introduction to the organization and its major activities.
- Interaction with industry professionals and technical staff.
- Understanding of software development and project execution practices.
- Exposure to the professional work environment.
- Discussion on current technologies, tools and industry requirements.
- Interaction regarding career opportunities and required technical skills.
- Question-and-answer session between students and industry experts.

4. Visit Outcome

Outcome Area	Outcome
Industrial Awareness	Students gained a better understanding of the functioning and professional environment of an IT organization.
Practical Understanding	Students were able to relate concepts studied in the classroom with their practical implementation in industry.
Knowledge of Software Development	Students developed an understanding of how software projects are planned, developed, tested and delivered in a professional environment.

Technology Awareness	Students were introduced to technologies, tools and practices relevant to the current IT industry.
Professional Skills	Students understood the importance of communication, teamwork, problem-solving, time management and professional discipline.
Career Guidance	Interaction with industry professionals helped students understand the skills and competencies expected from IT graduates for employment and career growth.
Industry–Academia Interaction	The visit strengthened interaction between the academic institution and the IT industry and created awareness of opportunities for future collaboration.

5. Overall Outcome

The industrial visit successfully fulfilled its intended objectives. The students actively participated in the visit and interacted with the industry professionals. The exposure helped them understand the practical aspects of the IT industry and the importance of applying their academic knowledge to real-world problems.

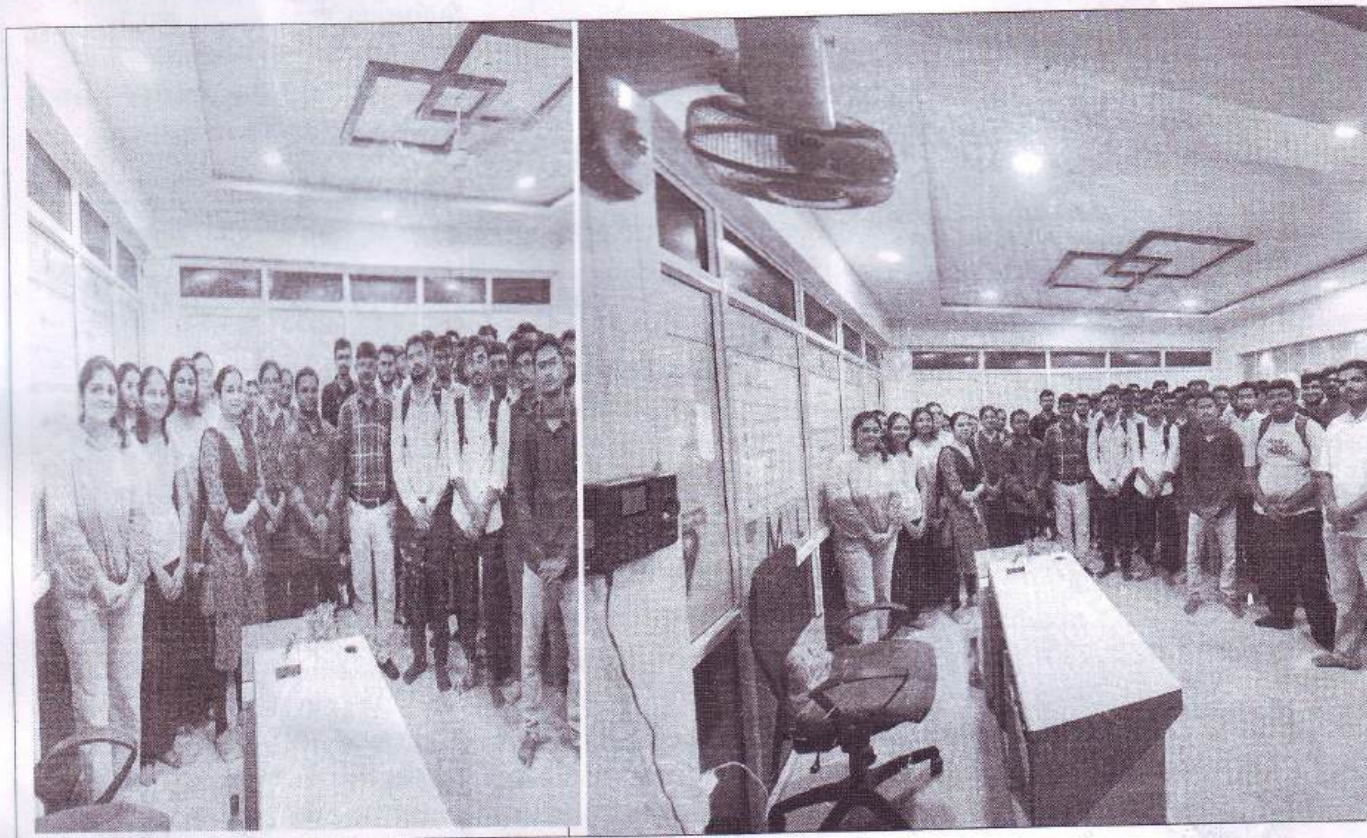

The visit also motivated students to enhance their technical knowledge, practical skills and professional competencies in preparation for future internships, projects and employment opportunities.

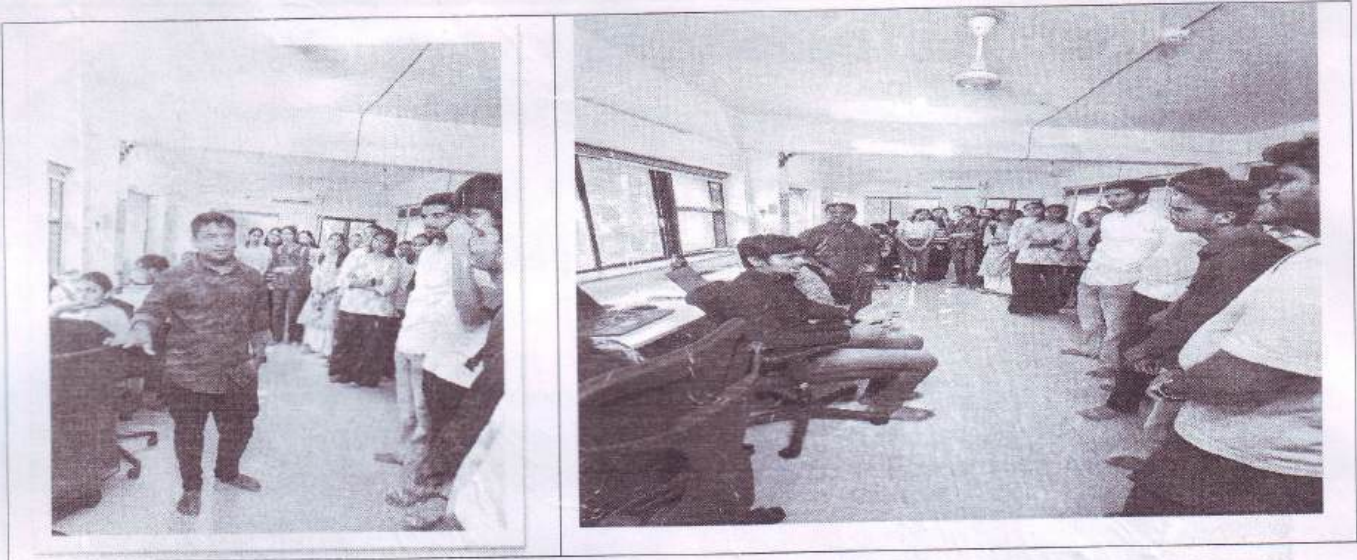

6. Conclusion

The industrial visit to Milople Technologies Pvt. Ltd. was successfully completed on 24/09/2026. The visit provided meaningful industrial exposure to the 5th Semester IT students and contributed significantly to their practical learning and professional development.

The Department of Information Technology expresses its sincere gratitude to the management and professionals of Milople Technologies Pvt. Ltd. for providing the students with this valuable learning opportunity.

Submitted for your kind information and record.
