In the last two years, information technology (IT) and information technology enabled services (ITES) have experienced an unprecedented growth in India. Among the top 25 most valuable global IT services brands, six companies are Indian. The Indian IT sector employs around 50 lakh people of which 450,000 were hired in the last financial year alone. According to the latest industry estimates IT/ITES will continue to grow exponentially.

It is indeed a very exciting time to be working in IT/ITES now.

In its third instalment of the successful webinar series Evolving Career Opportunities, L&T EduTech brings together IT industry experts to discuss and share insights into what the post-pandemic IT landscape looks like and how students can step up their game to fill the deep talent crunch.

The 60-minute webinar will have a Keynote Address and a Panel Discussion along with a Q&A session by leading experts in IT/ITES.

Who should participate?

All students, especially engineering students and aspiring engineers, teachers, professionals, vocational workers, and anyone with an interest in IT are welcome.
