## General Department

### Evaluation plan for academic year 2023-24

**Course name:** Advanced Mathematics For Electrical Engineering (3130908)

**Course Code:** 3130908

- Evaluation plan**

Teaching Scheme			Credits	Total Marks		
L	T	P		Theory Marks		
			ESE (E)	PA(M)		
3	2	0	5	70	30	100

→ **Course Evaluation Plan for PA (M) Component: Total marks 30**

	Evaluation plan
CO1	6
CO2	6
CO3	6
CO4	6
CO5	6

Assessment Type	Attainment Levels	
Internal Assessment	<b>Level 1</b>	40% of students scoring more than 50% marks in internal assessment tools
	<b>Level 2</b>	50% of students scoring more than 50% marks in internal assessment tools
	<b>Level 3</b>	60% of students scoring more than 50% marks in internal assessment tools

In the test of PA(M) component, if the student obtained less than 12 marks out of 30, subsequently, he/she is supposed to appear for remedial test and having cleared remedial test he/she is eligible to get 12 marks out of 30.
